5 Calle de Lista

Barrio de Salamanca

January 2/85

My dear Mr Lowman

Last night I received

your Post card, and thank

you most sincerely for all

your kindness and sympathy

In Madrid we have had

only one shock, thank God

without loss of life or property

In Andalucia the loss of

Lt. life is most dreadful.

many hundreds have fallen victims, and many others are in the midst of a severe winter in the open country without food or shelter, and without medical men to assist the wounded, who are dying for want of care.

Thanks for the £20 I will forward you the Certificate on Monday when the Consul has signed it. Love to your wife

Believe me to remain
Yours very sincerely
L K de Gamo
